

Healing and Deliverance

“If the Son makes you free, you shall be FREE indeed!”(John 8:36) – It’s your inheritance. There is no such thing as false hope. As long as one has breath, he/she is to praise the Lord and God inhabits the praises of His people. I/we should never be ashamed or reluctant to ask the Father to heal. One of the aspects of the healing prayer is to intentionally distance the symptoms and present prognosis from the vision desired concerning the individual prayed for. In other words, believe and we must be careful how we describe and speak about the illness an individual is overcoming. Faith is involved in our language.
